Dear Sir,

**Re: Petition for additional barbeque area and exercise equipment**

Please find attached a four page petition in support of the above, which I would respectfully request be tabled at the next meeting of the Northern Midlands Council to be held on the 19<sup>th</sup> March 2018.

We are in need of another barbeque area.

There is one at the riverside near the car park. In busy times it is difficult as only one group can use it at one time, and it only has one barbeque plate as well.

We were hoping if another barbeque area could be built next to the Town Hall and toilets on the unused oval with maybe a two burner barbeque as Council have no plans on putting one in the village green. We thought the next best thing would be to ask for a new barbeque area to be built where it would be more appropriate for residents and tourist groups. It would be close to the public toilets, Town Hall and the under used oval for games to be played on by families.

An exercise equipment area would be terrific as well, because people have to travel to Campbell Town to use their equipment, or Launceston for a Gym.

Perhaps the funds which were proposed to be spent on the now deleted "Folly" originally proposed for the Ross Village Green, could be used instead for these facilities ???

If you could see in anyway that this could be done it would be fantastic for our community.

We look forward to your reply.

Yours sincerely,

Candyce Hurrin and Petitioners
