

NO SPRAY REGISTER

Originated Date: Adopted ... – Min. No

Amended Date/s:

Applicable Legislation: *Agricultural and Veterinary Chemicals (Control of Use) Act 1995*
Section 26 of the Code of Practice for Spraying in Public Places

Objective This policy provides the framework of Council's 'No Spray Register' in accordance with the Code of Practice for Spraying in Public Places.

Administration: Works and Infrastructure

Review Cycle/Date: Every 4 years, next review 2024

1. BACKGROUND

Council is responsible for vegetation and weed management within its road reserves.

Management methods for the control of vegetation include mowing, slashing and the use of chemical herbicides to eradicate vegetation growing in the road reserve.

Council undertakes a minimum of 2 spray cycles per year, covering all urban areas across the municipal area.

In the use of chemical herbicides, Council abides by the Code of Practice for Spraying in Public Places, issued by the Department of Primary Industries, Parks, Water and Environment in support of the *Agricultural and Veterinary Chemicals (Control of Use) Act 1995*, that outlines the minimum acceptable standards in the spraying of weeds and vegetation in public places.

In respect to spraying within road reserves abutting non-council owned land, Section 26 of the Code of Practice provides property owners the opportunity to request Council to not apply chemical products for weed or insect pest control in front of their property, subject to the owner undertaking weed and vegetation control to the satisfaction of the Council.

26. *Property owners who request the Council to desist from spraying in front of their properties on public land must prepare a proposed pest control plan detailing how they intend to control the problem themselves.*

The plan must be approved by the Council and carried out in a timely manner.

If the issue is not dealt with satisfactorily, the Council may resume responsibility for the maintenance of the land using chemical products if necessary.

2. POLICY

That:

2.1 In accordance with **Section 26** of the **Code of Practice for Spraying in Public Places**, Council consider requests by property owners to desist in the chemical spraying of vegetation and weeds in road reserves abutting their property.

2.2 The property owner's vegetation/weed (pest) control plan to ensure the following:

- Control of all weed species;
- Keeping the road frontage clear and/or tidy;
- Keeping drainage and or paths free of obstruction and fully operational at all times;
- Ensuring kerbs, footpaths and gutters are free of vegetation growth;
- Be applicable to the entire frontage, including the side and rear of the property if abutting a Council road reserve;
- Removal of existing trees and vegetation must not occur without permission from the Council.

NORTHERN MIDLANDS COUNCIL

POLICY MANUAL

- 2.3 Council's consideration of an application under Section 26 of the Code is to consider the following:
- Whether the adjoining land is used for certified organic vegetable/fruit production;
 - Existence of a medical condition in the household which may be exacerbated by exposure to herbicides or associated additives;
 - The applicant holding other mitigating circumstances that may warrant an area not being exposed to the use of herbicide chemicals;
 - Whether the proposed alternative method for the control of weeds is deemed an achievable method;
 - Whether the applicant may have previously been on the no spray register and has undertaken the required obligations to the Council's satisfaction.
- 2.4 Successful applications be included on the Council's 'No Spray Register', as detailed below:
- The register be for a period of up to 12 months starting from 1 July.
 - Applications are non-transferrable;
 - Tenants of a property or residents part of a unit complex or strata property to provide written confirmation from the landlord or body corporate in support of the request.
 - Applications for inclusion on the Register be advertised annually and promoted on the Council's website, and by other means as deemed suitable.
- 2.5 Should the applicant not manage the control of weeds and vegetation to the satisfaction of the Council, the following occur:
- Council advise the applicant in writing that maintenance must occur within fourteen (14) days of the date of the correspondence.
 - Failure by the applicant to conduct maintenance of the area within fourteen (14) days to result in Council undertaking, without further notice, any necessary work to control the vegetation.
 - Council resume responsibility for the maintenance of the land, using chemical products if necessary.
 - The applicant be removed from the Register at the end of the fourteen (14) day period, without further notice, if the required maintenance has not been completed.
 - The applicant may reapply to be placed on the register at the next application period, June 30.
- 2.6 Tenders and contracts for the spraying of council road reservations are to acknowledge no spray zones and properties as listed on the Register.
- Council Officers and contractors are to abide by the No Spray Register.
- 2.7 Procedures to implement the above policy be developed to the satisfaction of the Works Manager.

3. LEGISLATION, TERMINOLOGY AND REFERENCES

Terminology:

Pest control plan:	A plan detailing how the property owner intends to control a pest. A pest is defined in the Code of Practice for Spraying in Public Places as a weed or insect pest.
Weed:	A plant which is either growing in an undesirable location (i.e. within a footpath or kerb and gutter) or a weed listed in a Federal or State weed index, or other weed list recognised by the Council.
