NORTHERN MIDLANDS COUNCIL

Petition Title: RESCINDING THE REZONING OF THE LAND AROUND
LONGFORD RACE COURSE

Reasons:

This petition of certain citizens of Longford draws to the attention of the Council that The Longford races have been held continuously since 1845 and Longford is still home to many horse-training facilities. Development in the area before the 2013 scheme has been related to horse racing and the broader industry. It has come to the notice to some in the industry and community members that the Northern Midlands Council has changed the zoning to allow residences to be built close to stables and yards that will put pressure on the trainers to relocate from Longford, removing the economic development opportunities in the future and therefore threaten the survival of the Longford racecourse.

Request:

We, the undersigned, therefore request the Northern Midlands Council to rescind the rezoning of any recent planning motion that puts the economic and historic value of the Longford racecourse in jeopardy because of encroaching housing development. **We hereby request that the area around Longford racecourse be returned to its original zoning of "particular purposes, horse training and stables" or similar zoning under the current State Planning Scheme that will continue to allow horse training, stables and related activities exclusively and excludes unrelated subdivisions for housing.**

PETITION TO RESCIND THE REZONING¹⁻¹²² OF THE LAND AROUND LONGFORD RACECOURSE

Request:

We, the undersigned, therefore request the Northern Midlands Council to rescind the rezoning of any recent planning motion that puts the economic and historic value of the Longford racecourse in jeopardy because of encroaching housing development. We hereby request that the area around Longford racecourse be returned to its original zoning of "particular purposes, horse training and stables" or similar zoning under the current State Planning Scheme that will continue to allow horse training, stables and related activities exclusively" and excludes unrelated subdivisions for housing.
